“Arctic / Antarctic” by 3-2-1 Contact

If it's the north pole,
It's Arctic.

If it's the south pole,
Antarctic.

Both poles have ice and snow,
But a few things you should know!

Polar bears and igloos -
The Arctic.

Seals and walruses -
The Arctic.

Owls and caribou -
Live in the Arctic too!

If you think it's cold in the Arctic,
You're in for a surprise.

It is cold in the Arctic,
but the Antarctic's even colder.

Brr.

Seals and penguins -
Antarctic.

Not much else -
Antarctic.

Some scientists work there,
But no one calls it home.

If it's the north pole,
It's Arctic.

If it's the south pole,
Antarctic.

If it's the north pole,
It's Arctic.

If it's the south pole,
Antarctic.

Where can you find the wingless fly -
The Antarctic.
