“Have You Ever Seen a Dinosaur?” by Lingokids

Have you ever seen a dinosaur, a dinosaur, a dinosaur?
Have you ever seen a dinosaur eat grasses and meat?
Eat meat and eat grasses? Eat meat and eat grasses?
Have you ever seen a dinosaur eat grasses and meat?

Have you ever seen a herbivore, a herbivore, a herbivore?
Have you ever seen a herbivore eat grasses and plants?
Eat plants and eat grasses? Eat plants and eat grasses?
Have you ever seen a herbivore eat grasses and plants?

Have you ever seen a carnivore, a carnivore, a carnivore?
Have you ever seen a carnivore eat insects and meat?
Eat meat and eat insects? Eat meat and eat insects?
Have you ever seen a carnivore eat insects and meat?

Have you ever seen an omnivore, an omnivore, an omnivore?
Have you ever seen an omnivore eat grasses and meat?
Eat meat and eat grasses? Eat meat and eat grasses?
Have you ever seen an omnivore eat grasses and meat?

“Three Dinosaurs” by Lingokids

Three dinosaurs went out one day,
Through the swamp and far away.
One dinosaur had a great big tail.
He led the others along the trail.

Two dinosaurs went out one day,
Through the swamp and far away.
One dinosaur had three big toes
One dinosaur had a great big nose.

One dinosaur went out to play.
Through the swamp and far away.
One dinosaur had great big feet.
He tried to find some plants to eat.

No dinosaurs are left to play.
Through the swamp and far away.
They left footprints and so we know
They all lived a long time ago.

Thank you!
